Kelley, just wondering when you'll be able to send me a cheat sheet for the week 5 data and also whether there are any updates on the week 4 cheat sheet you already sent me (mostly regarding whether any homes are already receiving alt water or treatment). I want to start drafting the messaging Tuesday or Wednesday morning at the latest for the next roll-out (week of 4/30) and the cheat sheets are a big help in doing that. No pressure intended, just asking. Thanks, den.
